Redistribution and expropriation, it is clear that we have to deal with it on our own. If you want to stop the capitalist machine, this means: no social partnership with it, therefore no cooperation with the state and the economy! The way out of the crisis is not made by reforms, not small welfare-bits. Because these are thrown to us when we make demands. They are used by the oppressors and exploiters to renew their system and to take the wind out of the sail of revolutionary movements. Social Democracy and Green Capitalism go hand in hand and placed the world in a hopeless situation over the last centuries of capitalist rule.

The answer to all problems is within ourselves. Its only us who can build a social force capable of enforcing redistribution and expropriation. By organizing ourselves in our districts and by spreading and consistently defending practices such as occupying, theft, sabotage and strikes. But also by taking to the streets, interacting with other people from different life situations, supporting each other in our daily lives, making state institutions obsolete, radically advocating libertarian ideas, and generally propagating through actions and words all that can bring down the system. Let's fight to gain back control over our homes, our neighborhoods and our cities. Let's burn down police stations and government palaces. Let us expropriate corporations and either destroy or distribute the accumulated capital worldwide. Let us treat the steppes, forests, lakes, seas and rivers and their inhabitants as friends. Stop exploitation, stop any accumulation of capital!

Come to the anarchist bloc at the “Umverteilen” (Redistribute) demo. For us, a radical combative bloc is not characterized by dress codes or big mouths, but by initiative. Whether black or colorful, all forms of actions are welcome. Bring signs and banners that are easy to understand with radical statements. Come in a combative mood and ready to defend the demonstration against any possible attacks.

You will recognize the anarchist bloc by the high banner with the slogan:
“NICHT FORDERN – KÄMPFEN” - “ENTEIGNEN, STREIKEN, PLÜNDERN”

**NICHT FORDERN
KÄMPFEN!**

Enteignen Streiken Plündern
